Best practices:

1) Title: Saturday with Achievers

Objectives:

To motivate the students by inviting alumni of our institution to interact and mingle with the students and to provide first hand information and share experience

The Context:

The students get motivated when they are brought to interact with the alumni of the institution. They tend to get easily connected as they commonly share the institution. More than anything, the students get impressed and get a very positive attitude.

The Practice:

The alumni of the institution who are in respectable positions and achievers are invited to interact with the students on Saturdays under a programme titled, "**Saturday with Achievers**". They share their experiences and their struggles, their hard work and this conversation makes the students to stay focused and achieve their goals.

Evidence of success:

There has been an increase in the positivity among the students after the initiation of this practice.

Problems encountered and resources required:

Most of the achievers are from the same background. A wide variety of achievers would make the programme more effective.
